

Minutes

Glass Gathering Monthly Meeting

July 9, 2022, 9:00 am – 11:00 am

Harmony Stained Glass, Pasadena, Texas

Attendees: Approximately ten members

Presentation Topic: Glass Cutting Tips and Tricks by Joyce Sullivan

Business

- Treasurer's Report: We have \$2,523.24. We have several new members, and 3 new members attended the meeting. We have a limited number of members (12) and this year should be a growth year for the group. So, the fees for the show should reflect that.
- The August 2022 meeting will be on the 3rd Saturday (not the 2nd). This change is to accommodate our guest speaker, Angela Chandler, who will talk about mosaics.
- Show and Tell: Several people brought their projects or pictures of projects to share. This generated discussion and techniques were also discussed.

Presentation

Our host, Joyce Sullivan, gave us a very informative lecture with power point presentation and handouts on cutting skills. This included tricky cuts and which cutter to use for various thicknesses of glass. Joyce also announced that she has a membership to Bullseye glass video archives and would be able to show videos at our meetings. We can stay after meetings to watch a video or watch one for the meeting itself. Joyce also demonstrated a new tool, the 3-piece safety cutter. It is available at Harmony. The meeting was adjourned.
